

ANNUAL MEETING OF UPPER BEAR RIVER WATER USERS. CONVENED AT RANDOLPH COURT HOUSE
ON MARCH 11, 1965....11:00 A.M.

There were twenty one water users present and Donald C. Norseth and Frank Reese represented the State Engineer's Office.

Mr. Norseth discussed the favorable outlook for water on the Bear River System. The meeting was then turned over to Frank Jackson: President.

The minutes of the 1964 meeting were read and approved.

The financial report was given by Mr. Reese.

Motion to approve the report was made by Francis Frazier and seconded by Dave Jones.

Glenn Thompson (Water Commissioner) gave a report on his work over the past year. He stated that the measuring devices on Otter Creek were in need of repair and several of the head gates on Woodruff Creek should be relocated.

The head of the Crawford Thompson Canal also had been damaged by high water. Sim Weston nominated Glenn Thompson for reappointment as commissioner for 1965. He was elected unanimously.

The budget for 1965 was considered.

Roger Peart made the motion that \$1500 be levied and the budget be left at \$2500. Motion was seconded by Francis Frazier. The proposition was accepted unanimously.

Mr. Norseth gave a good report and praised the work of Commissioner Thompson and recommended that a report of the work being done be placed where it would be seen and studied by the public.

Mr. Norseth said in conclusion that the irrigation companies should be encouraged to improve the measuring facilities in their systems.

Meeting adjourned. Motion by Wayne Reese
